December 10, 2025

Dear Colleague:

The 2026 National Radiological Emergency Preparedness (NREP) Conference will be held in Kansas City, Kansas, at the Sheraton Overland Park Hotel, 6100 College Blvd, Overland Park, Kansas, 66211. The conference dates are April 20th – 23rd, 2026. This event aims to provide a professional forum for individuals and agencies to exchange ideas and improve the nation's overall readiness in radiological emergency preparedness and response. Attendees are typically from federal, state, and local government agencies, the nuclear industry, radiological health programs, and other domestic and international organizations.

In addition to the conference sessions, there will be a dedicated area for vendors displaying their latest equipment, technology, and services, which can help with your planning, training, and response needs.

We are also offering workshops on Monday, April 20th, 2026. Spaces are limited, so please register early to ensure your spot. There is no additional fee for attending the workshops.

The NREP registration fee for a general attendee is \$675.00 (USD675.00). If paying using an agency Purchase Order (PO), the documents must be received no later than April 6th, 2026. NREP registration can be accessed on the Registration portal via our website ([2026 Conference Registration – National Radiological Emergency Preparedness Conference, Inc.](https://www.nationalrep.org/2026-Conference-Registration)).

To receive the negotiated Government Per Diem rate, hotel reservations must be made via the NREP website (or by calling and asking for the NREP room block) before March 27th, 2026. The negotiated rate will not be available after the deadline listed above and rooms may sell out prior to that date. The guest rooms in the NREP room block are available at the FY2026 Government Per Diem rate of \$135.00, taxes and other local charges not included.

For more information and the draft agenda, please check our conference website at <https://www.nationalrep.org>.

We look forward to seeing you in Kansas City!

Sincerely,

Meagan Robinson
